

HIS PALETTE

CREATIVELY PRAISING HIM AND LEARNING HIS WORD

STEP-BY-STEP BIBLE JOURNALING INSTRUCTIONS

STEP #1

Open yourself up to be honest, sincere, and authentic with God.

We cannot lie to the Lord, so the first thing we should do is allow ourselves to be raw and vulnerable with Him. Once we realize this, we will no longer feel like we could or even should try to hide things from our glorious King. Our Father knows all.

STEP #2

Prepare your heart and mind.

Read devotionals. Listen to worship music. Read the Word.

STEP #3

Don't forget to talk to Him!

Ask the Holy Spirit to fill you and the room you're in with His presence. Then ask God to guide you toward the things He wants you to learn and/or discover.

STEP #4

What is God saying?

Be still. Quiet yourself and listen for God's voice. Write down what the Lord says to you or the truths He reveals.

Alternatives:

- study notes
- sermon notes
- song lyrics
- memory verses
- your own personal prayers, thoughts, and feelings

STEP #5

This or That AKA Choices.

This is where you decide what medium(s) you're going to work with and if you have a certain color scheme in mind.

STEP #6

Create and Meditate.

While you draw, color, paint, glue, or simply take notes, focus your heart and mind on the scripture(s) you're working on.

STEP #7

Document the date.

Bible journaling is a journey of your faith. Regardless what you create or draw and whether it's in your bible, journal, or a piece of canvas, you should document the date. This way you (and maybe even your grandchildren) have a record of when you created that specific page.

STEP #8

Praise Him!

Thank the Lord! Thank Him for all He's doing in your life. Also, thank Him for giving you the ability to create for Him. Thank Him for what He spoke to you during your time spent creating or for what you learned. Give Him all the glory!
